Is the person responsible at the academy for managing our health and safety policy and can answer any questions you may have.

Our staff hold appropriate qualifications from respective accreditation bodies. It is also a requirement that they hold a DBS certificate and current first aid qualification. The dance academy holds sufficient Employers liability and Public liability insurance.

All staff have been trained in how to appropriately deliver instruction to various ages, especially to younger children who may require things to be explained in a different way, following our safe touch policy.

Our staff regularly consulted and information about the academy policy and procedures and any up dates or changes are delivered in a timely manner.

The Academy will aim to:

- Regularly conduct and revise risk assessments
- Ensure safe handling of any substances used e.g. cleaning materials, and hold relevant COSHH data sheets for these products
- Try to prevent accidents and cases of ill-health
- Liaise with each venue to ensure safe conditions
- Keep the class environment tidy, clean and free from hazards
- Emphasize safe dance practice
